

An International Arts Event Touring Scotland

SONG OF THE

RICKSHAW

EXPLORING ECO-FRIENDLY TRANSPORT

Engaging with Schools – Curricular Links

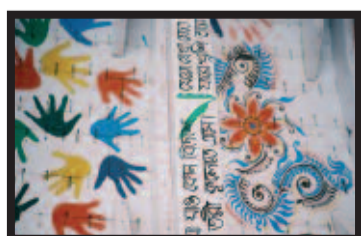

- Encouraging pupils to think about travel and consider their own travel options
- Also considering modes of travel in other communities and countries; thinking about factors that influence public and commercial transport

Addressing Climate Change

- Providing an opportunity to think about these issues and designing sustainable modes of transport & human rights
- Helping to raise awareness of the effect of transport choices on communities; promoting arts workshops linked to the **eco-schools** programme

Artist Kenny Munro can visit your school and community with the above rickshaw and conduct art workshops. These will compare our transport systems with India and explore sustainable transport systems;

Promoting 'Creative Fieldwork' and enabling the design of vehicles for the future.
